Blackhawk Education Packs

Overview

The Blackhawk Education Pack is a prepaid discount program that gives your businesses employees' access to the exceptional and reliable classroom, self-paced, onsite and extended lab training at an extremely competitive price. The Blackhawk Education Pack is suited for businesses that need to train multiple employees on limited budgets. The Blackhawk Education Pack discounts range from 5% to 15%. You can use the Blackhawk Education Pack to pay for:

- Most online, onsite, classroom and extended lab instruction for over 2 dozen courses
- Onsite training, including tuition, mentoring, instructor travel and living expenses, equipment charges, and room rentals
- Most instructor lead online and self paced courses

Training To Build Your Business

Empowering your employees with the critical and sustainable IT skills that they need arms them with the knowledge and skills to perform at their best and gives your business the means to more fully leverage its technology investments. Find out today how the Blackhawk Education Pack can help your business save money on the knowledge and tools needed to run at optimum performance!

Blackhawk Education Packs Make Sense

Businesses that invest in training to keep their employees technical skills and knowledge up-to-date gain a multitude of benefits:

- New technologies like virtualization are implemented faster with fewer problems
- The Return On Investment (ROI) is enhanced
- Your employees productivity and reliance improves
- Employee satisfaction is increased, minimizing costly turnover

Gain The Skills Without Paying The Price

The Blackhawk Education Pack is a prepaid discount program that saves your business up to 15% on industry leading offerings from Blackhawk Technology Consulting LLC training. It's the smart and reliable way to protect your businesses budget without sacrificing employee skills and provides the best discount available on all Blackhawk training classes, extended labs, self paced classes and tools. The Blackhawk Education Pack helps your business:

- Save Money – Lock in savings with your budget dollars that you have available now and then use them to pay for a full year of training. The more you buy, the bigger your discount is.
- Save Time – Train anyone or everyone in the company with a single account. No need to maintain a separate account for each department or student. You can open one Blackhawk Education Pack account and consolidate your training budget for optimal efficiency.
