

## **Blackhawk Technology Consulting LLC**

### **Blackhawk ThinApp Feasibility Study Service**

#### **Overview:**

This consulting program, which is offered by ThinApp and Blackhawk Technology Consulting LLC is designed to help your business maximize your businesses time and resources by helping you quickly understand if your custom application can successfully be ThinApped. ThinApp and Blackhawk Technology Consulting LLC maintain a list of supported and approved applications where customers and partners have reported a successful ThinApp for the ThinApp Virtualization Suite.

If it is determined that your custom application is not on the list, then a ThinApp Feasibility Study, which can be conducted by either ThinApp or Blackhawk Technology Consulting LLC, will quickly determine if its is technically possible to ThinApp the application. However, if it is not immediately possible to ThinApp your custom application, then it will be determined what steps must be taken to successfully ThinApp your custom application.

By taking full advantage of the experience and expertise of the consultants of Blackhawk Technology Consulting LLC, your business will be able to receive a quick and reliable answer.
